HOGG CONSTRUCTION, INC. WINS NATIONAL AWARD

York, PA—Hogg Construction, Inc. won the National Pyramid Award from the Association of Builders and Contractors Excellence in Construction National Competition for Willow Valley Medical Center in Lancaster, Pennsylvania.

The 71,000 square foot, 2-story multi-suite medical center is located within one mile of the nearly 3,000 Willow Valley residents and serves as the closest medical center for the community. Willow Valley Medical Center had a fast-paced schedule and required a detailed coordination effort as Hogg was also completing fitouts for two major Lancaster health organizations in the medical center at the same time.

The Excellence in Construction awards program is the industry's leading competition, developed to honor innovative and high-quality merit shop construction projects and safety programs. Kirk Pickerel, ABC president and CEO, said, "This year's winners were exceptional examples of the outstanding craftsmanship and professionalism that embody merit shop construction."

James W. Hogg, President and CEO commented, "Winning this National Pyramid Award demonstrates our commitment to construction value, safety and working closely with our owners to achieve their business objectives."

Founded in 1952, Hogg Construction specializes in design/build and general construction of religious facilities, supermarkets, retail centers, medical centers, senior living facilities, office buildings, hotels, banks and industrial facilities. Hogg Construction has received numerous awards for excellence in construction, safety, scheduling and owner satisfaction from the Associated Builders and Contractors (local and national), National Association of Industrial & Office Parks, Building Congress & Exchange and the American Institute of Architects.
