

Hogg Construction

Grace Lutheran Church Red Lion, PA

"Not only did Hogg Construction have the lowest bid, I can't imagine anyone else doing more for our church. They always worked hard to try to finish on schedule. Their employees were friendly, courteous, and patient with our many questions and changes. I would recommend Hogg Construction to anyone needing the services of a first rate general contractor."

- Dave Fishel. Church Building Committee

Project Highlights

- Renovations completed without disrupting worship services
- Existing stacked stone foundation walls from the existing late 1800 building presented structural challenges
- Sanctuary features new multimedia systems
- Ramp and elevator access added to new basement storage area
