

Hogg Construction

St. Joseph School York, PA

"We greatly appreciated the flexibility of the workers to work around the needs of the school while classes were still in session and to provide our Parish Carnival the use of the kitchen and gym during the second week of June. We utilize the profits from our Carnival to help pay the cost of this project. I sincerely appreciated the talent of Hogg personnel assigned to our site. It made it easier for the Owner to reach its objective."

*- William Fullerton
St. Joseph Building Committee*

Project Highlights

- 38,000 square foot renovation of classrooms, gymnasium, library, offices and cafeteria
- New 1,400 square foot addition for youth activity and pre-kindergarten area
- Scheduled work around school calendar to ensure a safe, clean environment for the children
- Classroom finishes—new windows, flooring, paint and hardware
- 2007 ABC Excellence Certificate of Commendation Award Winner
